# Attendance Matters!

Regular school attendance is crucial for students' academic and emotional success. Frequent absences can cause students to fall behind in class content and miss out on homework, which reinforces the skills taught in school. When students fall behind, it often leads to increased stress and anxiety about missed assignments and classwork. This overwhelming sense of being unable to catch up can result in students shutting down, which may ultimately lead to failing grades.

# Grading Information

- **School-wide Grading Scale**
- **Common School-Wide Weighting of Grades**
  - **Summative assessments (80%)** will be used to determine a majority of the student's grade. They more accurately reflect what students really know and can do. Summative assessments are assessments of learning.
  - **Formative assessments/Practice (20%)** are assessments for learning. The goal of a formative assessment is to monitor student learning to provide ongoing feedback that can be used by instructors to improve their teaching and by students to improve their learning.
- **Retake/Re-Perform of Summative Assessments**
  - Students will be allowed to retake/re-perform a minimum of two summative assessments per trimester if a student achieves below an 80%. The student will follow the retake policy/re-perform ticket that each course has developed.
- **Extra Credit**
  - There will be no individual extra credit assignments or extra credit points on assessments.

*Some courses have different requirements due to university or external factors.*

- Please look over all terms of your schedule as soon as you receive it.
- Your 3rd hour class may appear twice if you have “B” lunch.
- If there is an error on your schedule, typically an imbalance of study halls or you have a class for which you have not met the prerequisite, please email your counselor.
- **Don't remember signing up for a class?** Most likely that class was an alternate. Scheduling was particularly difficult this year, so many students received an alternate. If an alternate is on your schedule, it is considered a legitimate choice.
