III. Actionable Items

A. Woodside Community Playground - Outdoor Classroom - Approval

Three quotes were obtained for the construction of an outdoor classroom at Woodside Elementary, utilizing funds remaining from the Woodside Community Playground project. Quotes were from Altman Construction Company, Inc., \$68,800.00, Ascent Construction, \$49,891.00, and Eagle Construction Co., Inc., \$49,583.00 (see Attachment A).

The Administration recommends accepting the bid from Eagle Construction for the construction of an outdoor classroom at Woodside Elementary for a cost of \$49,583.00 to be paid out of the 2025-26 Long Term Capital Improvement fund.

B. Supply Bid - Approval

Each school year, the Building and Grounds Department solicits bids for various supplies, including clay, colored paper, custodial supplies, general supplies, and nursing supplies. The total cost of the bids from multiple vendors is \$120,736.52 (see Attachment B).

The administration recommends accepting bids from multiple vendors, with a total cost of \$120,736.52 to be paid from the 2025-26 District Supply Budget.

C. 10-Year Facility Plan - Approval

The District's 10-Year Facility Plan has been reviewed and updated, incorporating new items and removing those that have been completed. The Board must maintain a 10-year Facility Plan if funds are to be expended from the Capital Improvement Fund 46 (see Attachment C).

The administration recommends approval of the revised 10-Year Facility Plan.

D. Washington Soccer Complex Community Pathways - Approval

The district was provided a quote from POB for pathways around the Washington Soccer Complex as part of the Community Playground project. The low bidder was Red Run LLC. The Washington Soccer Complex is a community-use facility, and this cost could be paid for with Community Service funds. If this project is funded with Community Service funds, we will have the budget capacity to complete the hard-surface playground area at Mead Elementary with Community Playground project funds. The total project cost would be \$145,909.50, and the work would be completed this summer (see Attachment D).

The Administration recommends approval of the Community Pathways at Washington Elementary, with a total cost of \$145,909.50, which would be paid from the 2025-26 Community Service Budget. POB would complete the project management services, and Red Run LLC would complete the construction services.

E. WRAMS Gymnastic Program Addition – Approval

South Wood County YMCA has eliminated its gymnastics program. Our athletic department conducted an online survey of 6th and 7th graders to gauge interest in the program among those who would be eligible to participate if approved. After the first week, thirteen 7th and four 8th graders were interested. We have not yet contacted any current 5th-grade students regarding potential interest. The program costs for Coaching, Bus Services, and judges are estimated at \$4,220.00. The program's total cost would be covered by the Community Service Fund (see Attachment E).

The Administration recommends approval of adding a gymnastics program at WRAMS, which will cost an estimated \$4,220.00 and be funded from the 2025-26 Community Service Budget.

F. Canvas Renewal – Approval

The District's Learning Management System (LMS) contract with Canvas needs to be renewed. Canvas has been used extensively at the middle and high school levels. In addition to our student usage, Canvas is also used by our staff to deliver and receive online professional development. We want to renew our three-year contract with Canvas to continue providing Learning Management System (LMS) services to our staff and students. This 3-year contract guarantees a price lock for the duration of the 3-year contract term. While a 5% annual increase is built into the contract each year, the price will not exceed this amount. The contract term would start July 1, 2025, and expire June 30, 2028. This contract also allows the District to pay annually, rather than a single lump sum dollar amount, if it chooses to do so (see Attachment F).

The Administration recommends renewing our current 3-year contract with Instructure to provide the Canvas Learning Management System (LMS) and Canvas Studio at a total 3-year cost of \$115,050.00, to be paid annually, with a combination of Technology Department and Teaching and Learning Department budgets.

G. Blocks! Renewal – Approval

The District's Chromebook filtering and classroom management tool, Blocks!, is currently up for renewal. This tool enables teachers to lock Chromebooks, push out websites, view what students are doing in real-time on their Chromebooks, and more. In addition to the Classroom Management tool, Blocks! also offers a robust Web Content Filtering solution for off-site web content filtering, a parent portal, and a portal for tracking lost and missing devices. The District has explored other options, but we feel that Blocks! is currently meeting our needs. We would also like to minimize the number of changes that occur annually with our teaching staff regarding new software. Most of our teachers are familiar with Blocks!, and moving to a new platform would incur additional professional development (see Attachment G).

The Administration recommends entering a three-year contract with Blocks! to purchase the Blocks! Manager - Education Bundle at a total cost of \$49,950.00 over the three years, to be funded from the 2025-2026 Technology Referendum Budget.

IV. Updates and Reports

A. Purchases - Update

Copies of the following invoices, bid specs, and purchase orders will be reviewed:

Dear Members of the WRPS Board of Education,

We are writing on behalf of the WRPS Athletic Department to request that we consider adding a gymnastics program to our current middle school co-curricular offerings.

A recent online survey was conducted, polling the current 6th and 7th graders to see who has potential interest in being part of this program if approved. After the first week, we had 13 7th graders and four 8th graders interested. We have not yet contacted any current 5th-grade students for potential interest.

A one-year outlook on cost looks like the following:

- | | |
|---|-------------------------|
| • Two, 4% (\$1720) Coaching Contracts | \$1,720 |
| • Busing to five competitions over the season | est. \$2,000 |
| • Contract Services (Judges) for home meet | \$500 |
| • Equipment (Use current LHS leotards not being used) + use of gymnastics equipment/facility rental/etc.-offset any cost by state gymnastic involvement | \$0 |
| | Total Est Cost: \$4,220 |

Overall, we believe that the addition of a 6th-8th grade gymnastics program at WRAMS would positively contribute to the students' overall growth and have a direct impact on enhancing our WRAMS athletic programs and provide a stronger feeder program for the high school program, which has shown some declining numbers over the past few years.

Sincerely,

Chris Feidt & Scout Gerndt

Quote Special Terms

Recurring items on this Order Form (other than any 3rd Party Products) shall automatically renew for succeeding terms of 12-month duration at an annual price increase of 5% unless either party gives the other party 60 days' written notice of its intent not to renew prior to the expiration of the then-current term.

The services provided under this Order Form shall begin on the first year Start Date set forth above and continue through the last year End Date set forth above, provided, however, that Instructure may provide certain implementation related services prior to the first year Start Date at its sole discretion.

User Clause: User Metric reflects the maximum number of individuals authorized by the Customer to access and/or use the Service and Customer has paid for such access and/or use.

User Typical Use Clause: In the event Customer enables access to the Service to more Users over a given contract year than are allocated to such contract year as set forth above, then Instructure reserves the right, in its sole discretion, to invoice the Customer for such additional number of Users. In addition, the User fees set forth above are based on the assumption that Customer's Users will use the Service commensurate with the average usage patterns of users across Instructure's user base in the aggregate (such average usage being referred to herein as "Typical Use") and do not account for usage of the Service by Customer's Users beyond such Typical Use. To the extent the Users' usage of the Service, in the aggregate, exceeds the Typical Use at any given time, Instructure reserves the right, in its sole discretion, to increase the fees by an amount proportional to such excess usage. In the event Instructure increases the fees pursuant to this paragraph, Instructure shall send an invoice to Customer for the applicable increase along with documentation evidencing the additional usage of or additional Users who have access to the Service giving rise to such fee increase. Any invoice sent pursuant to the foregoing shall be due and payable within 30 days of receipt.

Payment Terms - Renewal Order Form: In the event that Customer fails to execute this Order Form prior to the Start Date listed above, all fees shall become due payable upon Customer's receipt of an invoice.
