- II. Public Comment
- III. Actionable Items
  - A. Community Learning Center Grant: Mead Elementary Charter School

Mead Elementary Charter School is applying for renewal of the DPI 21st Century Community Learning Center grant for the 2018-19 school year. This grant funds the After-School Club Mead program that serves over 130 students each school day until 6:00 p.m. The program includes partnerships with the Boys & Girls Club, Mead School, and the YMCA. The grant will be used for staffing the program through a contract with the Boys & Girls Club, Learning Zone tutors, AmeriCorps contracts and enrichment teachers. The grant will fund a full-time Academic Partnership Coordinator who provides free preschool programs, monthly Family Activity Nights, volunteer coordination and data organization. The Academic Partnership Coordinator oversees and coordinates all programming including summer activities for parents and works with the AmeriCorps Members.

The administration recommends approval of the 21st Century Community Learning Center grant request for Mead Elementary Charter School in the amount of \$145,000.

B. Supplemental Pay Plan for Professional Development

Attachment A sets out suggested changes to the Supplemental Pay Plan for Professional Development for the 2017-18 school year. The Supplemental Pay Plan is reviewed annually, and consideration is given to suggestions from the Quality Educator Committee (QEC).

The administration recommends approval of the suggested changes to the Supplemental Pay Plan for Professional Development for the 2017-18 school year.

C. Open Enrollment Space Determination Limits

Wisconsin Statute 118.51 (5)(a) provides that nonresident school boards shall determine the number of regular and special education spaces available within the school district at the January meeting of the school board. A nonresident school board may consider whether the special education or related services described in the child's IEP are available or whether there is space available to provide special education or related services. These may include class size limits, program limits, pupil/teacher ratios, or enrollment projections established by the school board.

Wisconsin Admin. Code PI 36.06 (5)(a) provides that the school board designate the number of regular education spaces by grade, and the number of special education spaces by program or services.

After consultation with Human Resources Director, Dr. Ryan Christianson, it was determined that there will not be any regular education open enrollment space limitations at any grade level.

Special education open enrollment space limitations, as set out in Attachment B, were determined as follows:

1. Current students for the 2017-18 school year were delineated by program and school level (elementary, middle, high school).
2. Current numbers of sections were used to determine class averages. Sections often corresponded to teachers.
3. Maximum section numbers were determined based on the Statewide Caseload Number Chart from DPI (See Appendix C).
4. Capacity was calculated by multiplying "Sections" times the "Max per section."
5. Projected totals for 2018-19 were estimated factoring in the increase in enrollment in each program based on transfers in to the district and initial referrals. For most programs, this projection was approximately 10%.
6. Spaces available were determined by subtracting "Capacity" minus the "Projected Total."

The administration recommends that WRPS does not designate any space limitations for regular education open enrollment students for the 2018-19 school year. It is recommended, for special education, to deny all applicants whose IEP needs place them in programs for Level 3 students with Intellectual Disabilities or Emotional Disabilities due to a projected lack of space. In addition, it is recommended

that students whose needs can only be met at the Wood County Alternative School be denied open enrollment due to a projected lack of space.

D. Driver Education Contract

In the summer of 2017, Wisconsin Rapids Public Schools entered into a contract with *Preferred Driver Education* to provide optional Driver Education instruction to students at Lincoln High School during the school day. The contract was for the 2017-18 school year only. Renewal was to be based on how things went throughout the school year. A proposed contract for renewal for the 2018-19 school year is set out in Attachment D.

The administration recommends renewing the contract for optional Driver Education instruction to students at Lincoln High School for the 2018-19 school year.

E. Possible Action to Approve of a Resolution in Support of the Wisconsin Voucher Taxpayer Transparency Bill

Earlier in the year, legislation was introduced in the form of Assembly Bill 267 and Senate Bill 183 which would require Wisconsin tax bills to include the amount of local tax dollars that is being diverted to support voucher schools. According to the Wisconsin Association of School Boards (WASB), school districts across the state had to raise taxes by \$25 million in the 2016-17 school year to make up for voucher school tuition losses. The Wisconsin Legislative Fiscal Bureau expects that amount to increase to about \$37 million in 2017-18, and \$47 million in 2018-19. Passage of the proposed legislation would allow taxpayers to be aware of how much of their money is going to voucher schools. For WRPS, that amount is \$333,258 for 2017-18.

The Board has expressed interest in heightening advocacy efforts where possible. Adopting the proposed resolution is one way to advocate for public school funding by educating the public through their tax bills about the negative impact that voucher school funding has on local school budgets and taxpayers. Similar resolutions have been adopted by the school districts of Eau Claire, Holmen, Janesville, Stevens Point, Stoughton, and Wausau.

The Committee can decide whether they wish to recommend approval of the Resolution to support the Wisconsin Taxpayer Transparency Bill (Assembly Bill 267 and Senate Bill 183).

IV. Updates

A. Community Learning Center Grant: Boys & Girls Club

The Boys & Girls Club of the Wisconsin Rapids Area will be applying for a second 21<sup>st</sup> Century Community Learning Center Grant. The grant allows the Club to provide after school academic enrichment to members that align with the Wisconsin Rapids Public School's school day curriculum. The Club provides other youth

development programming that supports academic success, good character and citizenship, and healthy lifestyles.

The grant supports each of the elementary schools on the east side of Wisconsin Rapids with the primary school being Howe Elementary. During the past five years the Club provided staff mentors to work with 15 children at four elementary schools (Howe, Grove, Washington and Woodside). Moving into the next grant cycle the Club will have mentors focus their work at Howe. This is due to the grant requirement that 51% of the population served by the grant needs to come from one primary school. All other programs and services will remain the same.

A third component of the grant includes a focus on family engagement which is a priority area for the Boys & Girls Club in 2018 and beyond. The Club looks forward to continuing to serve the youth in the Wisconsin Rapids Public School District.

#### B. Remedial Course Report

In accordance with Chapter 36.65 of the Wisconsin State Statutes, the UW System is required to determine the high schools with more than six (6) students who, based on their performance on placement tests in the preceding twelve months, are required to take remedial courses in English or mathematics. For the fall of 2016, the report shows one hundred thirty (130) students from Wisconsin Rapids Public Schools were enrolled as new freshmen in the UW System. Of those students, six or fewer were required to take remedial college English or math courses. Attachment F sets out the complete report.

#### V. Consent Agenda Items

Committee members will be asked to decide which items should be placed on the consent agenda for the regular Board of Education meeting.

#### VI. Future Agenda Items/Information Requests

Agenda items are determined by the Committee Chair after consultation with appropriate administration depending upon other agenda items, presentation information, and agenda availability.

- AGR Update (February)
- Student Travel Update (February)
- Calendars (February)
- SPARK Program (February)

**Resolution No. 20180115A**  
**Resolution in Support of the Wisconsin Voucher Taxpayer Transparency Bill**  
**(Assembly Bill 267 and Senate Bill 183)**

---

**WHEREAS**, the School District of Wisconsin Rapids (WRPS) Board, administrators, educators, staff, parents, and community members are united in our effort to provide all children with the highest quality educational opportunities possible; and

**WHEREAS**, the School District of Wisconsin Rapids supports local control and the ability of the elected School Board to make decisions to support the learning of our students; and

**WHEREAS**, private school voucher advocates have consistently pushed for expanding the use of taxpayer-funded vouchers to pay tuition for students in private schools in Wisconsin; and

**WHEREAS**, the Governor and members of the Wisconsin Legislature have proposed expanding voucher programs into many more communities and have proposed increasing state payments to voucher schools; and

**WHEREAS**, a memo from the nonpartisan Legislative Fiscal Bureau demonstrated that payments to voucher schools under the Governor's proposed budget would range from \$7,757 to \$8,403 per student by 2018. Including all of Governor Walker's proposed increases, in some cases public schools might receive as much as \$1,700 less per student at \$6,703; and

**WHEREAS**, the same memo also shows that tax dollars for voucher operators are increasing 12 times faster than total public school aids and that voucher payments would more than double over eight years. At the same time, net general aids that support public schools and reduce property taxes would fall by 1.3%; and

**WHEREAS**, the voucher amount is \$7,323 for pupils in grades K-8 and \$7,969 for pupils in grades 9-12; and

**WHEREAS**, Assembly Bill 267 and Senate Bill 183, the "Wisconsin Voucher Taxpayer Transparency Bill," authored by state Representative Dana Wachs (D-Eau Claire) would require property tax bills to include information from the school district where the property is located regarding the amount of any net reduction in state aid, if any, to the district as a result of pupils enrolled in the statewide voucher program, the Racine voucher program, or the Milwaukee voucher program; and

**WHEREAS**, the increase in statewide property taxes due to school boards levying to offset lost aid due to the voucher system was over \$25 million in 2016-17. The statewide property tax impact is estimated to grow to \$37 million in 2017-18, and to \$47 million in 2018-19; and

**WHEREAS**, the School District of Wisconsin Rapids was required to levy \$333,258 in taxpayer dollars to be allocated to the statewide voucher program in 2017-18, and local taxpayers are not provided with information about their tax dollars being spent on private and voucher schools. When private school voucher programs expand in our community, WRPS loses state aid (to the voucher schools) and our School Board must raise additional

property taxes to replace the aid lost to the voucher schools or lose that funding permanently under the state-imposed revenue limits; and

**WHEREAS**, just as property tax bills show how much money goes to public schools and technical colleges, taxpayers deserve to know the cost of expanding the voucher program; and

**WHEREAS**, it bears repeating that voucher schools are not bound by most state instructional requirements or graduation standards, are not subject to either the state’s accountability system (i.e., no school report cards are issued for voucher schools), are not held to the public accountability requirements contained in major federal laws, including special education, are not governed by locally elected school board members who must stand for election or reelection, do not have to accept all students, nor do they have to provide students with the same due process protections in public schools, do not have to employ teachers who have a background in the subjects they teach, and do not have to adhere to open meetings and public records laws; and

**WHEREAS**, the voters of Wisconsin have never had an opportunity to vote on whether or not Wisconsin should have a taxpayer-supported voucher program; and

**FURTHER**, multiple studies throughout the nation have shown that school voucher programs do not perform better in reading and math than students in public schools, and the nonpartisan Wisconsin Legislative Audit Bureau released a five-year longitudinal study in 2011 which concluded that students in Milwaukee using vouchers to attend private schools perform no better on standardized tests than their counterparts in public schools.

**THEREFORE, BE IT RESOLVED** that the WRPS Board of Education calls on Governor Walker, the Wisconsin State Assembly, and the Wisconsin Senate to support the Wisconsin Voucher Taxpayer Transparency Bill in an effort to be open, honest, and transparent with the taxpayers of the School District of Wisconsin Rapids and Wisconsin.

**IN WITNESS WHEREOF**, the undersigned, being President of the Board of Education for the School District of Wisconsin Rapids, have executed this resolution this 15<sup>th</sup> day of January, 2018.
