Pursuant to Section 120.12(13) and Section 118.30(1g)(a)1 of the Wisconsin State Statutes, districts are required to provide notification surrounding pupil academic standards. This notice includes identifying the pupil academic standards adopted by the Board of Education that will be in effect for the school year. Parents will be provided notice of this information through the Wisconsin Rapids Public Schools (WRPS) website.

Wisconsin Standards for Theatre Education, Wisconsin Standards for Dance, and Wisconsin Standards for World Languages were promulgated by the Wisconsin Department of Public Instruction (DPI) during the 2018-19 school year. The CII Sub-Committees for English/Language Arts, Physical Education, and World Languages will be using these new standards to develop future curriculum changes and modifications.

Attachment A sets out the pupil academic standards on which the WRPS curriculum is based. Craig Broeren, Superintendent, will be present to answer any questions about the standards included in Attachment A.

The administration recommends approval of the pupil academic standards that will be in effect for the 2019-20 school year, as presented.

NOTICE of Student Academic Standards in Effect for 2019-20 School Year

Academic Standards are statements that identify what students should know and be able to do. Standards serve as goals for teaching and learning. Academic Standards constitute only part of the curriculum. Once standards are identified, curriculum must be developed that helps students meet and go beyond the standards. Curriculum includes standards, essential questions, benchmarks, instructional strategies, activities, resources, and assessments.

Wisconsin Rapids Public Schools (WRPS) utilizes a committee process to identify standards and develop curriculum. A committee exists for each discipline. After curriculum is developed, it is presented to the WRPS Council for Instructional Improvement and Board of Education for approval. Curriculum is studied and revised on a ten or seven year cycle. Curriculum Committees may utilize standards from one or several state and/or national organizations, including all or parts of the standards. WRPS curriculum committees generally rely on state standards promulgated by the Wisconsin Department of Public Instruction. The chart below indicates what set of standards each WRPS curriculum committee utilized in developing their most recent curriculum.
