## Our Students have...

- The LHS staff works hard to ensure that all graduating students possess the academic, social and emotional skills necessary for a successful future. They developed the “PRIDE” initiative (Personal Responsibility In Developing Excellence) to encourage and develop character excellence in students. Students are expected to be respectful, responsible, and committed.
- We strive to established strong family and community partnerships. These partnerships are essential to create a climate conducive to learning within schools. Research shows that students with involved parents are more likely to earn higher grades and test scores, enroll in higher-level programs, be promoted and earn credits, attend school regularly, have better social skills, graduate and go on to college.
- We are committed to teaching a rigorous, engaging, and standards based curriculum. Curriculum is developed by content specific sub-committees made up of professional staff who study the Common Core Standards, national and state standards, best practice, and assessment. The curriculum is consistently reviewed and revised for optimal student learning. Parents, students and staff have opportunities for input throughout the curriculum development process. Virtual programming is offered at all age levels.
- Lastly, our district’s mission statement brings it altogether nicely. It reads: *Working together with home and community, we are dedicated to providing the best education for every student, enabling each to be a thoughtful, responsible contributor to a changing world.*
