Fun Fact! Do you know?

As Americans, we often spend February 2 huddled in the cold waiting for a groundhog to emerge from the earth, but the French have a much more fun way to spend the day. Every year on February 2, France observes La Chandeleur, a Candlemas, a day dedicated to eating crêpes. The Catholic religious holiday is exactly 40 days after Christmas, but it also has origins in an older pre-Christian holiday celebrating the harvest and marking the midway point of winter. As a result, the current "La Chandeleur" is a mix of both of these traditions, which eventually evolved into a day revolving around the crêpe—the round shape represents the sun and the circle of life, while the act of eating and sharing with others commemorates a historical tradition of popes giving food out to the poor every year on February 2. This being said! We are having Crêpes Day next week to raise money for Wisconsin/Nicaragua partners. Date TBA Happy Chandeleur!
