Cool 2 Be Kind

Cool 2 Be Kind members have a mission to create a positive, supportive environment in our school, district, and community. Our group meets twice a month before school and one RPT per month (and as needed for special projects). We are a unique high school club, and members have many opportunities for volunteering. As a result, members have excellent experiences to reference in resumes and applications. One of our main projects includes welcoming new students--delivering positive messages/treats to RPTs and hosting one lunch each trimester for our members to interact with new students, foreign exchange students, and one another. Our members plan and conduct Random Acts of Kindness and other recognitions (e.g., appreciating food service staff and custodians) each month. Toward the end of the year, we work with counselors and community resources for Mental Health Week, which leads into our "Rise to Remember" variety show event at the PAC. Our group is open to any student who would like to help in our mission of making LHS and our community a better place to be. Students who are interested can check us out on social media and email an advisor to be added to our club Canvas course, which houses all agendas, announcements, and sign-ups for events. Participation in forensics allows students to increase confidence in the ability to express your ideas clearly to people and the experience may be a part of your future resume and school records. Future employers will be impressed with your solid speaking ability and the commitment to an extracurricular activity which builds real-life skills. There are a total of fifteen categories from which to choose. You may choose the type of speaking that suits you best. Have you ever noticed people wearing all black running around backstage? Welcome to Stage Tech Academy. Not everyone wants to be in the limelight, and that's ok! There is a huge need for people who work "behind the scenes." Believe it or not, it is often the people you don't see who are responsible for a successful show. In this club, we work as a team to make every event a success. If you have an interest in music, theater, sound, lights, video, or event production, this is a club for you! The club will meet as needed to perform a variety of duties associated with the events held at the Performing Arts Center and Lincoln High School. Athletic Department

The Lincoln High School athletic program is an important part of the total extra-curricular program. It provides students with an opportunity to develop physical skills and be a part of a team effort. Participation in these programs provides experiences that are not available in the regular school curriculum. Everyone is encouraged to participate in this component of the "fourth curriculum," (reading, writing, and computation are the other three). "Raider Pride" in the athletic program is for EVERYONE!

Questions regarding the Activities Code can be made to the Athletic Director, or members of the administrative team, at any time.

As you can tell by the previous listing of clubs and activities, a healthy and challenging series of opportunities are available to all students. Involvement in activities provides an opportunity for students to learn the value of hard work, as well as the benefit of self-discipline.

Virtually every examination of student success tells us that an active and involved student is more successful during his/her high school years, as well as during the rest of their lives. All students are encouraged to get involved with these activities.

Many of the activities in the previous listing are governed by the Wisconsin Rapids Public School's "Co-Curricular Code of Conduct."
