MEAD SCHOOL TITLE I SERVICES

Mead Elementary School offers school-wide Title I services to all students. Title I is a federal program providing funding to support intervention to students who are struggling to reach grade level standards. At Mead, intervention teachers work with small groups of students in need of additional support in reading and math. Our intervention teachers also work in classrooms with the classroom teachers. If you do not want your child to receive these services, please contact the office for a form to fill out to opt your child out of these learning opportunities.
