Is second hand smoking/vaping bad for you?

- Yes, the nicotine and other toxic chemicals in the air can be inhaled and have the same effects as if you were actually smoking/vaping.

Commons Study Hall students, listen up! YOU are invited to sign into the library during study hall for a fresh and focused environment to complete your end-of-trimester work and to study for tests. Our library is better with YOU in it, so come check it out during your study period!

There is a new volunteer opportunity to share with you. Are you a Junior or Senior? Do you like working with elementary aged students? Do you have your license and a study hall or blended class? If so, our elementary schools are in need of volunteers to help facilitate enrichment activities with our gifted students, able learners and early finishers. The activities range from STEM hands-on activities, art projects, ELA Reading Comprehension, Vocabulary building, and coding with robots. If you are interested in hearing more or volunteering starting in Trimester 2, please contact Ms Bluell at [kelly.bluell@wrps.net](mailto:kelly.bluell@wrps.net) or stop by her classroom before school in Room 122.
