

Alternative Bus Service Request Form

Wisconsin Rapids Public Schools Board policy states that, "Students will ride on assigned buses. Parents must request, in writing, an exception from this rule. Requests shall be made to the designated staff person. Students will board and disembark from their assigned bus as designated unless written permission from the designated staff person at the school is granted to be let off at other than the regular stop. Parents will assume the responsibility of the child when such a request is made and granted."

Please be aware that transportation to/from a childcare provider may be available for students who are eligible for busing if the childcare provider is located within their school attendance area, and the provider's address is within a

current bus route for that school, and there is space available.
