

Wood County Health Department Immunization Clinics

Held monthly, by appointment only. Call 715-421-8911 for dates and locations.

Childhood Immunizations (ages 0-18)

We provide routine childhood vaccines through the Vaccine for Children (VFC) program. Children are eligible to receive vaccines at our health department if they meet one of the following:

- No health insurance
- Enrolled in or eligible for Medicaid
- Health insurance doesn't cover vaccines
- American Indian or Alaska Native

Adult Immunizations (ages 19+)

Select vaccines available to those who meet certain eligibility requirements. Fees vary. We do not carry travel vaccines, adult influenza, RSV or the shingles vaccine.

A parent or legal guardian **MUST** accompany children under the age of 18. If parent or guardian is unable to accompany the child to the clinic, they should contact the Health Department prior to clinic time for arrangements to complete and sign the consent forms.

PLEASE bring your:

- Immunization record
- Your child's Badger Care/Forward Card if eligible.

The mission of the Wood County Health Department is maximizing quality of life across the lifespan.
