Bus Information

Busing information is now available in Skyward **Family Access**! Log in to your Skyward Family Access account and click on the **Busing** tab from the menu on the left side of the page to view the bus information (see example below). Post cards containing transportation information are being mailed out this week to households of 4K students and new students. If you have any questions regarding your child's bus route, please contact the bus companies directly.

For families on a [Pay-to-Ride](#) arrangement, information **continues to be entered** into the system and those routes should be posted soon – please contact the bus company direct if you do not see the information posted by August 27.

Parents who completed an [Alternative Bus Request](#) form, the information **continues to be entered** into the system and those routes should be posted soon – please contact the bus company direct if you do not see the information posted by August 27.

Please Note: Be sure that your student(s) is at the bus stop location five (5) minutes prior to their scheduled load time listed in Family Access. Students should also plan to wait at the bus stop for five (5) minutes after their scheduled time. This allows for the driver running early when other students or parents call in or wave the bus on when a student isn't riding. It also accounts for delays due to weather, road, and traffic conditions.

You may *contact the bus companies directly if you have any questions* about transportation:

Volunteer Background Check Information

To ensure the safety of our students and staff members, any individual wishing to volunteer in any capacity in our buildings must complete a volunteer application and undergo a criminal history records check (background check). Volunteers must be approved prior to volunteering in any capacity in the school including, but not limited to, helping in the classroom or on field trips.

Volunteers will be required to reapply every three years. If you applied three years ago, you may have received an email notification from our provider, Background Investigation Bureau (BIB) – or you will be receiving one soon to renew your application (see example below). The deadline to submit your volunteer application is November 29, 2019. [Click here](#) for the link to submit your application.

It is not necessary for WRPS staff members to complete a background check to volunteer in a building.

Questions about the background check process should be directed to your school's office.
