Wisconsin Rapids Public Schools 2021-22 BUDGET REVISION

The General Fund is used to account for District financial activities for current operations, except those which are required to be accounted for in separate funds. In 1993, Wisconsin Statute 121.90 created a revenue limit formula that placed a limit on the revenue a school district is entitled to receive from general state aid and local tax levies. The maximum revenue limit is based upon enrollment changes, allowed per pupil change determined by state law, each district's prior year controlled revenue and other factors. State equalization aid and local tax levies are the primary revenue sources for the General Fund. The majority of the Fund 10 - Fund Balance is utilized for working capital needs.

ANNUAL BUDGET MEETING REPORT FOR 2022-23

June 29, 2022 - 6:00 p.m.

MISSION STATEMENT

Working together with home and community, we are dedicated to providing the best education for every student, enabling each to be a thoughtful, responsible contributor to a changing world.

We Believe...*each student is the first consideration of the educational process.*

We Believe...*all students can learn.*

We Believe...*learning is a life-long process.*

We Believe...*in a safe, caring, and respectful learning environment.*

We Believe...*all students should become effective citizens of the community, state, nation, and the world.*

We Believe...*meaningful home, school, and community involvement is vital to continuous improvement.*

DISTRICT DESCRIPTION AND ORGANIZATION

The School District of Wisconsin Rapids is a unified school district with an annual operating budget of \$69 million. Areas served by the District include the city of Wisconsin Rapids; the villages of Biron, Rudolph, Vesper; and all or portions of 11 surrounding townships. A half-day 4-year old Kindergarten program is offered both on-site and at a variety of community based sites. There are also seven K-5 elementary schools, one middle school serving grades 6-8, one high school serving grades 9-12, one alternative high school, as well as a district virtual charter school serving all grade levels.

The Wisconsin Rapids Public School system has earned a solid reputation as an innovative, professional organization which has high student achievement and a low drop-out rate. Programs have evolved to adapt to the changing needs of students. Staff members are repeatedly recognized by both state and national organizations and agencies for their professionalism and expertise.

The District's governance structure includes a seven-member Board of Education. Members of the Board are elected to three-year terms. Current members of the Board include:

<u>Board Member</u>	<u>Office</u>	<u>Term Expires</u>
John Krings	President	2023
Troy Bier	Vice President	2025
Larry Davis	Clerk	2024
Katie Bielski-Medina	Treasurer	2024
John Benbow, Jr.	Member	2024
Julie Des Jarlais	Member	2025
Sandra Hett	Member	2023

Under the direction of the Superintendent, the School District administration is responsible for the direction, coordination, and use of multiple resources to help students and staff members reach educational and professional goals. The Strategic Plan is reviewed annually by the Board of Education and sets the direction necessary to achieve an overarching goal of preparing every student to be successful at the conclusion of their school career. Current members of the administrative team include:

Administration

A number of years ago, the Board of Education adopted a Strategic Plan which was developed and designed with an understanding that the educational environment is rapidly changing. In order to continue meeting the needs of our diverse learners and prepare them to compete and reach their full potential in an evolving global economy, the District Strategic Plan continues to be a “living, working document.” The most recent version of the plan was updated and approved by the Board in February, 2022. The key objectives in the plan are as follows:

OBJECTIVE 1:

Bring content, technology, and pedagogy together to build global learners.

OBJECTIVE 2:

Develop an equitable strand within the District’s RtI framework for student mental health and behavior which includes systemic screeners, universal social and emotional learning competencies, and prevention and intervention strategies.

OBJECTIVE 3:

Continue to develop and refine implementation of Professional Learning Communities (PLCs) to analyze and investigate student achievement data specifically around the marginalized populations we serve; and to identify, implement, and engage in best instructional practices which benefit our diverse student population.

OBJECTIVE 4:

Maintain buildings and properties within WRPS to continue support for evolving student programs and activities.

OBJECTIVE 5:

Ensure the safety and security of all students, personnel, and members of the public on the Wisconsin Rapids Public Schools’ campuses/premises.

OBJECTIVE 6:

Create a District environment that promotes healthy lifestyles for students and staff.

OBJECTIVE 7:

Ensure all April, 2021 referendum projects and expenditures are monitored through to completion.

OBJECTIVE 8:

Create a District environment that promotes educational innovation and creativity.

OBJECTIVE 9:

Develop a plan to utilize ESSER III funds and track progress and expenditures.

While under the constraints of State revenue caps since they were established in 1993, the District had been experiencing declining enrollment for numerous years. That decline stabilized beginning in the 2016-17 budget year, and up until the onset of the COVID-19 pandemic which impacted schools beginning in March, 2020, enrollments had been averaging 5,088 students (as of the Third Friday Pupil Count date) in the four years leading up to 2020-21. The 2021-22 school year had only 4,826 students enrolled. The Board has taken action each year to reduce District expenditures where possible and mitigate the impact to taxpayers through the local levy. Financial and human resources continue to be managed as economically and efficiently as possible to support student learning and maintain programming that aligns with the District mission and vision.

In April, 2017 the WRPS Board of Education took action to approve of construction/renovation projects at Lincoln High School and the Wisconsin Rapids Area Middle School which allowed for restructuring of grade levels beginning in the 2018-19 school year. Students in 9th grade moved from East Jr. High to Lincoln High School, and 8th grade students moved from East Jr. High to the Wisconsin Rapids Area Middle School. Other projects accomplished include a much-needed upgrade to the swimming pool at Lincoln High, and numerous energy efficiency improvements. A significant School Safety

Grant secured for improvements to be made during the 2018-19 school year also allowed for district-wide safety enhancements.

In March, 2021 the Board approved of replacing the deteriorating track at Lincoln High School as outlined in its 10 -year Facility Plan, and approved the development of a 4-diamond baseball and softball complex (quadplex) on the campus of Lincoln High School. The project includes synthetic turf fields, a concession/restroom building, stadium style seating, press boxes, and other infrastructure. A number of partner organizations are involved in this collaborative initiative, and more than 80% of the cost is being funded through a generous grant from the Legacy Foundation of Central Wisconsin. The remaining project costs are being covered through in-kind donations, community fundraising, and advertising/marketing opportunities. As a result of these projects occurring in simultaneous fashion, the football field has also undergone a significant upgrade to synthetic turf made possible through a very generous donation from WoodTrust Bank and the Bell Family Charitable Trust. All of these improvements not only enhance opportunities for local youth and community organizations, but also provide a potential economic boost in our area as the quadplex is anticipated to draw in teams of all ages and spectators from other areas who would likely stay in hotels, eat in local restaurants, and spend dollars at local retailers while here. The quadplex is now referred to the “Rapids Area Sports Complex” (RASC), and is fully functional and began operations in spring, 2022.

As we emerge from the difficult circumstances experienced during the COVID-19 pandemic which began in March, 2020, we are hopeful and optimistic about the future. With the community’s support and passage of two referendum questions in April, 2021 (\$2 million per year for five years for technology and curriculum updates, and \$34 million for facility upgrades and improvements), the District is positioned to continue providing excellent opportunities for all students well into the future. Work has begun to upgrade Lincoln High School to improve learning spaces and add a secure entrance. All school buildings housing children are being upgraded to include new secure entrances, and the THINK Academy building is receiving a new gym addition. Upgrades in technology infrastructure and improvements and enhancements in curricular areas are possible because of the successful referendum passage. With all of the positive and exciting initiatives underway, WRPS continues to be an excellent place for students to learn and be set on a solid path toward success.

The budget developed and proposed for the 2022-23 fiscal year can be found on the following pages. Included in this information is fiscal year revenue and expense summary comparisons, student enrollment trends, explanations for fund classifications, history of debt defeasance, and property value and tax levy historical data.

Fund Accounting

Financial accounting requirements determine that each transaction be identified for administrative and accounting purposes. The primary accounting element is the “fund,” which is an independent fiscal and accounting entity, requiring its own set of books in accordance with special regulations, restrictions, and limitations that earmark each fund for a specific activity or for attaining certain objectives. Each fund must be accounted for so that the identity of its resources and obligations, and its revenues and expenditures are continually maintained.

A fund is an accounting entity consisting of a self-balancing set of asset, liability, and equity accounts used to account for the District's financial transactions in accordance with laws, regulations, or restrictions. The Department of Public Instruction requires reporting of various revenues and expenditures within specified funds. These are the funds that are used by the District.

All funds used by Wisconsin school districts must be classified into one of nine “fund types.” The major fund types are the General Fund, Special Projects Fund, Debt Service Fund, Capital Projects Fund, Food Service Fund, Fiduciary Fund and Community Service Fund.

Governmental funds are used to account for activities for instruction, the support of instruction, special projects and revenue, debt service, food service, community education, and capital projects as needed. Governmental funds use the modified accrual basis of accounting. Generally, the type of inflow information is revenue for which cash is received during or soon after the end of the fiscal year. The type of outflow information is for expenditures when goods or services have been received and the related liability is due and payable during the year or soon after.

Fiduciary funds are used to account for assets held by the District on behalf of someone else. Student and other organizations that have funds on deposit with the District are reported in these funds. Fiduciary funds are reported on the accrual basis of accounting. All assets and liabilities, both short-term and long-term, are reported in the asset and liability accounts. Inflows and outflows of revenue and expenditures are recorded for all additions and deductions, regardless of when cash is received or paid. The District has one student association fund (SAF fund) at each school and several trust funds.

Explanation of Funds

All school districts in Wisconsin are required to budget according to the Wisconsin Uniform Financial Accounting Requirements (WUFAR) as defined in the state statutes:

§115.28(13) The state superintendent shall “prescribe a uniform financial fund accounting system, applicable to all school districts which provides for the recording of all financial transactions inherent to the management of schools and the administration of the state’s school aid programs.”

By using this system, the budget is set up by fund. A separate budget is established for each fund wherein a school district anticipates a transaction. Each fund has its own receipts and disbursements and its own fund balance. Listed below are the funds used in conjunction with the enclosed budget.

Instructional Funds

Instructional funds are funds where elementary and secondary instruction activities are recorded.

10 - General Fund

The General Fund is used to account for district financial activities for current operations, except those that are required to be accounted for in separate funds. Approximately 75% of all District expenditures are conducted through the General Fund.

21 - Special Revenue Trust Fund

This fund is used to account for trust funds that can be used for district operations. The source of such funds is gifts and donations from private parties. Cash and investments in this fund are expended pursuant to donor specifications. There may be a fund balance in this fund.

27 - Special Education Fund

This fund is used to account for special education and related services funded wholly or in part with state or federal special education aid or charges for services provided to other districts as a result of being a host district for a special education package or cooperative program. No fund balance or deficit can exist in this fund.

29 - Other Special Revenue Fund

This fund is used to report special revenue for instructional programs not required to be discretely reported in fund 21 or 27. Programs reported as Fund 29 include Federal Indian Education funded programs and Head Start.

Debt Service Funds

These funds are used for recording transactions related to repayment of the following general obligation debt: promissory notes (issued per statute 67.12(12)), bonds, and state trust fund loans. Also included in these funds are transactions pertaining to land contract payments and refinancing of debt issues and other district obligations as specified by the Department of Public Instruction. Debt tax levies must be recorded in these funds. The resources in these funds may not be used for any other purpose as long as a related debt remains.

38 - Debt Service Fund

This fund is used to account for transactions for the repayment of debt issues that was authorized by school board resolution before August 12, 1993, or incurred without referendum approval after that date. A fund balance may exist in this fund. Repayment of principal and interest is made within the revenue cap. This fund is used to finance the District's Wisconsin Retirement System unfunded liability.

39 - Debt Service Fund

This fund is used to account for transactions for the repayment of debt issues that were either authorized by school board resolution before August 12, 1993, or approved by referendum. Repayment of principal and interest is made outside of the revenue cap. A fund balance may exist in this fund.

Capital Projects Funds

These funds are used to account for expenditures financed through the use of bonds, promissory notes, state trust fund loans, land contracts, and expansion fund tax levy.

40 - Capital Projects Funds

Used to report capital project fund activities, a fund balance may exist in these funds.

Food and Community Service Funds

These funds are used to account and report transactions of the District's food and community service activities. No K-12 instructional (100 000 series) or instructional support related functions are recorded in these funds.

50 - Food Service Fund

All revenues and expenditures related to Food Services should be recorded in this fund. The Food Service Fund may not transfer money to any other fund. Any fund balance must be retained for future use for food services. Federal regulations require that the Food Service Fund be accounted for separately.

80 - Community Service Fund

S.120.13 and 120.61, Wis. Stats., allow a school board to permit use of the district's property for civic purposes. The services have the primary function of serving the community and adult education. These services are accounted for in this fund.

Trust Fund

This fund is used to account for assets held by the district in a trustee capacity for individuals, private organizations, and/or other funds.

73 - Post Employment Benefit Trust Fund

This fund is used to account for resources held in trust for formally established defined benefit pension plans, defined contribution plans, or employee benefit plans. Such plans must be legally established in accordance with state statutes, federal laws and Internal Revenue Service requirements. Specific requirements for use of this fund have been established by the Department of Public Instruction.

Explanation of Sources

The Source dimension is used to classify revenues and other sources of income according to their origins. Revenue is an increase of assets which does not represent recovery of expenditures and which does not increase liabilities by an identical amount or a decrease in liabilities, which does not cause an increase in other liabilities or a decrease in assets. The exchange of one type of asset for another (as in the sale of equipment for cash) does not represent revenue. Revenue increases both the assets and the equity of the district as a whole.

100 - Interfund Transfers-In

All revenue from interfund transfers.

200 - Revenue from Local Sources

Property taxes, interfund payments, payment for services, non-capital sales, school activity income, interest on investments, other revenues such as student fees.

300 - Interdistrict Payments Within Wisconsin

Received from other Wisconsin school districts for services rendered.

500 - Revenue from Intermediate Sources

Payments received from Cooperative Education Service Agencies (CESA) and counties.

600 - Revenue from State Sources

Money received from the State of Wisconsin. Examples are categorical aids such as transportation and library aid. Additionally, equalization aids are recorded here.

700 - Revenue from Federal Sources

Money received directly from the federal government or routed through the state such as special education project grants.

800 - Other Financing Sources

Non-recurring sources of funds, which are classified separately from revenues, such as loans.

900 - Other Revenues

Adjustments and refunds of disbursements are recorded here. Money received from an insurance company for non-capital losses are recorded here.

Explanation of Functions

An account designation that categorizes a reason or purpose served by a particular expenditure or made possible by a particular receipt.

110000	Undifferentiated	An instructional situation in which one teacher is responsible for providing instruction in two or more curricular areas to the same group of pupils (K-8 classroom teachers).

Revenue Trends

Revenue Limits

A district's revenue limit is the maximum amount of revenue that can be raised through state general aid and property tax for the General, Non-Referendum Debt, and Capital Expansion Funds, also referred to as Funds 10, 38, and 41 respectively. Changes to the revenue limit formula as determined by the state are indicated below:

2022-23	\$0.00	2017-18	\$0.00
2021-22	\$0.00	2016-17	\$0.00
2020-21	\$179.00	2015-16	\$0.00
2019-20	\$175.00	2014-15	\$75.00
2018-19	\$0.00	2013-14	\$75.00

Categorical Aid

Categorical Aid is state or federal aid intended to either finance or reimburse some specific category, instructional, or supporting program; or to aid a particular target group of pupils. The District may only use the aid for the purpose for which it was intended. Some examples of categorical aid in Wisconsin are Special Education Aid, Common School Fund Aid, Transportation Aid and Per-Pupil Aid. Changes to Per-Pupil Aid as determined by the state are indicated below:

2022-23	\$0.00	2017-18	\$200.00
2021-22	\$0.00	2016-17	\$100.00
2020-21	\$0.00	2015-16	\$0.00
2019-20	\$88.00	2014-15	\$75.00
2018-19	\$204.00	2013-14	\$25.00

Equalization Aid (State Source)

Equalization aid is the largest source of revenue for the district. Changes to the formula, changes in district property value, changes to membership and/or changes in shared costs significantly impact the amount of equalization aid the district receives. The District monitors these trends to determine future state aid impact. Generally speaking, as state contribution is decreased, local property taxpayers pick up the shortfall. The percentage of actual state equalization aid and per-pupil categorical aid to Wisconsin Rapids Public Schools General Fund expenditure budget has been:

2022-23	59.6% (Estimate)	2017-18	54.9%
2021-22	59.3% (Estimate)	2016-17	57.9%
2020-21	52.8%	2015-16	55.0%
2019-20	57.9%	2014-15	55.7%
2018-19	52.2%	2013-14	54.8%

Local Property Tax Levies (Local Source)

Local levies are the second greatest source of revenue for Wisconsin Rapids Public Schools and are regulated by the revenue limit law established by the state. The District closely monitors state legislative action to determine the financial impact to local property taxpayers. Property taxes account for approximately 29% of the District's General Fund expenditure budget.

Federal Revenue (Federal Sources)

Federal funds received by a school district from the U.S. Government are routed through the state. Federal revenue is normally around 2% of the General Fund's total expenditure budget. However, with the recent allocated ESSER funds this amount has increased to around 6%.

Budget Assumptions

Budget includes the \$2,000,000 nonreoccurring referenda.

Budget includes \$2,500,000 from ESSER III. ESSER I & ESSER II funds have been fully spent.

Per pupil revenue limit amount for the 2022-23 school year will increase \$0.

Per pupil categorical aid for the 2022-23 school year will increase \$0.

CPI for Negotiation Purposes:

- 2022-23 = 4.7%
- 2023-24 = 7.6% (Estimated)

Employee Related Costs:

- Employee salary budgets will reflect a 4.7% increase.
- WRS, social security, life insurance and long term disability will also increase 4.7%.
- Will increase health insurance, dental insurance and HSA budgets by 2%.
- Post employment benefit budget will increase by 0%.
- Fund 10 & 27 budget is estimated to be 75.2% salary & benefits.

Student count will take place on the third Friday in September. We are estimating that our student count for revenue limit purposes will remain unchanged at 4,781 with a three year rolling average of 4,812.

The Department of Revenue will release equalized values on October 1st. We are estimating a 4.0% change in equalization valuation.

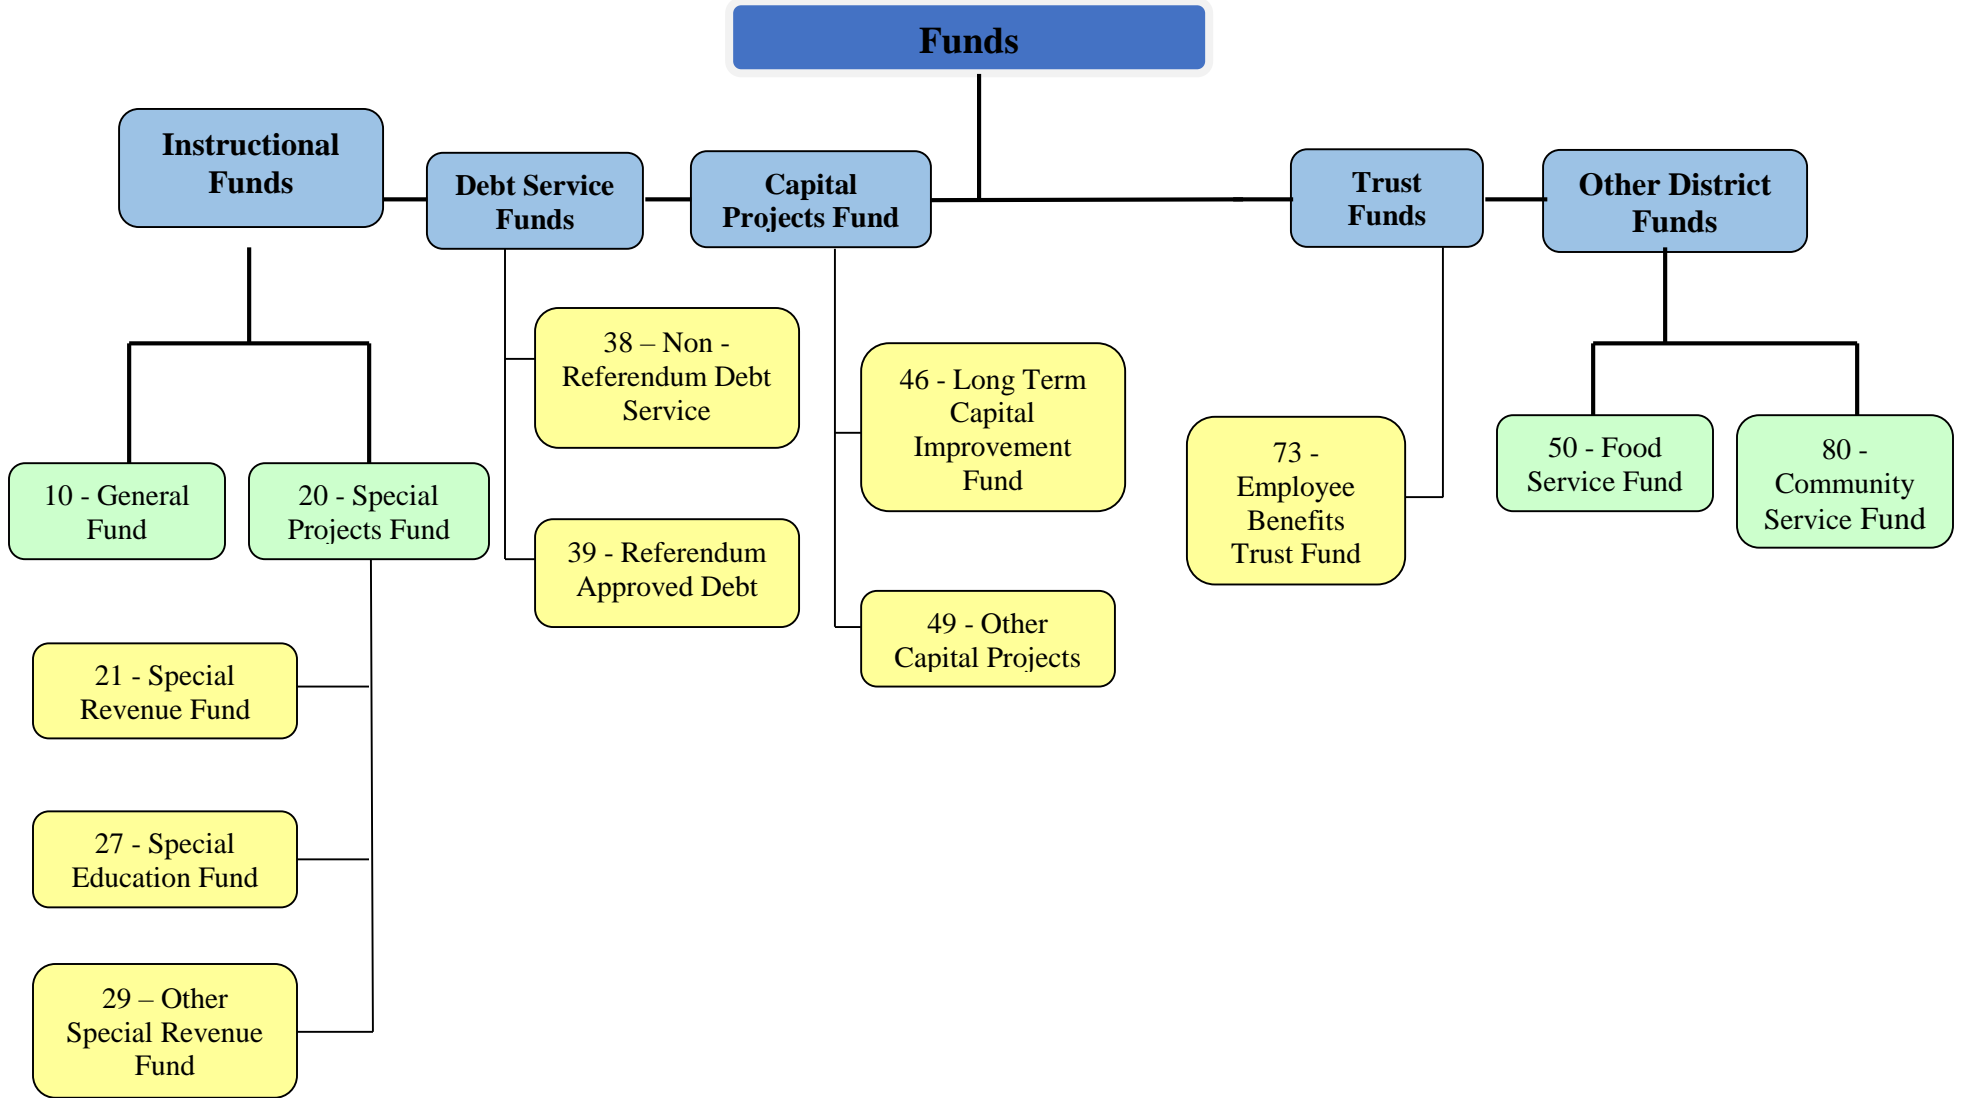

State general aid amounts will be provided on October 15th. We are estimating a 0% change in General Aid.

For the 2021-22 school year we are using the budget approved by the school board in January, with the exception of Fund 38 & 39.

No levy will take place in fund 80.

Wisconsin Rapids Public Schools 2022-23 BUDGET

The General Fund is used to account for District financial activities for current operations, except those which are required to be accounted for in separate funds. In 1993, Wisconsin Statute 121.90 created a revenue limit formula that placed a limit on the revenue a school district is entitled to receive from general state aid and local tax levies. The maximum revenue limit is based upon enrollment changes, allowed per pupil change determined by state law, each district's prior year controlled revenue and other factors. State equalization aid and local tax levies are the primary revenue sources for the General Fund. The majority of the Fund 10 - Fund Balance is utilized for working capital needs.

Wisconsin Rapids Public Schools

Community Service (Fund 80)

Wisconsin Rapids Public School District has a large and active community services program that encompasses many activities. Some of the community programs include facilitating youth sport programs eg: swimming, soccer, baseball, basketball and others. We strive to offer a variety of opportunities for adults to participate in lap swim, water exercise classes, and specialized coaching through our Master Swim Program. We help facilitate community club days and community theatre. We also support the Boys and Girls Club which provides our students with a safe before and after school environment while providing high impact development programs.

This funding is committed to the idea that learning is a life-long process and that School District facilities should be used in providing academic, athletic, recreational, cultural and social activities that meet community needs and add to the quality of life for students and residents. The Community Service program is committed to providing area residents with programs of excellence.

Statutory Authority: 120.13(19) Community programs and services. Establish and maintain community education, training, recreational, cultural or athletic programs and services, outside the regular curricular and extracurricular programs for pupils, under such terms and conditions as the school board prescribes. The school board may establish and collect fees to cover all or part of the costs of such programs and services. The school board may not expend moneys on ineligible costs, as defined by the department by rule. Costs associated with such programs and services shall not be included in the school district's shared cost under s. 121.07 (6).

Wisconsin Rapids Public Schools

2022-23 Tax Levy

Estimate

Wisconsin Rapids Public School District property taxes include levies for general operations, debt service and community services. Property values are equalized to reflect fair market value rather than local assessed value. The equalized levy rate is the total property tax levy divided by the current year equalized property value with tax incremental financing (TIF) values excluded. Levy rates are shown in "mills" or property tax dollars levied per \$1,000 of equalized property value.

Property Value and Tax Levy History

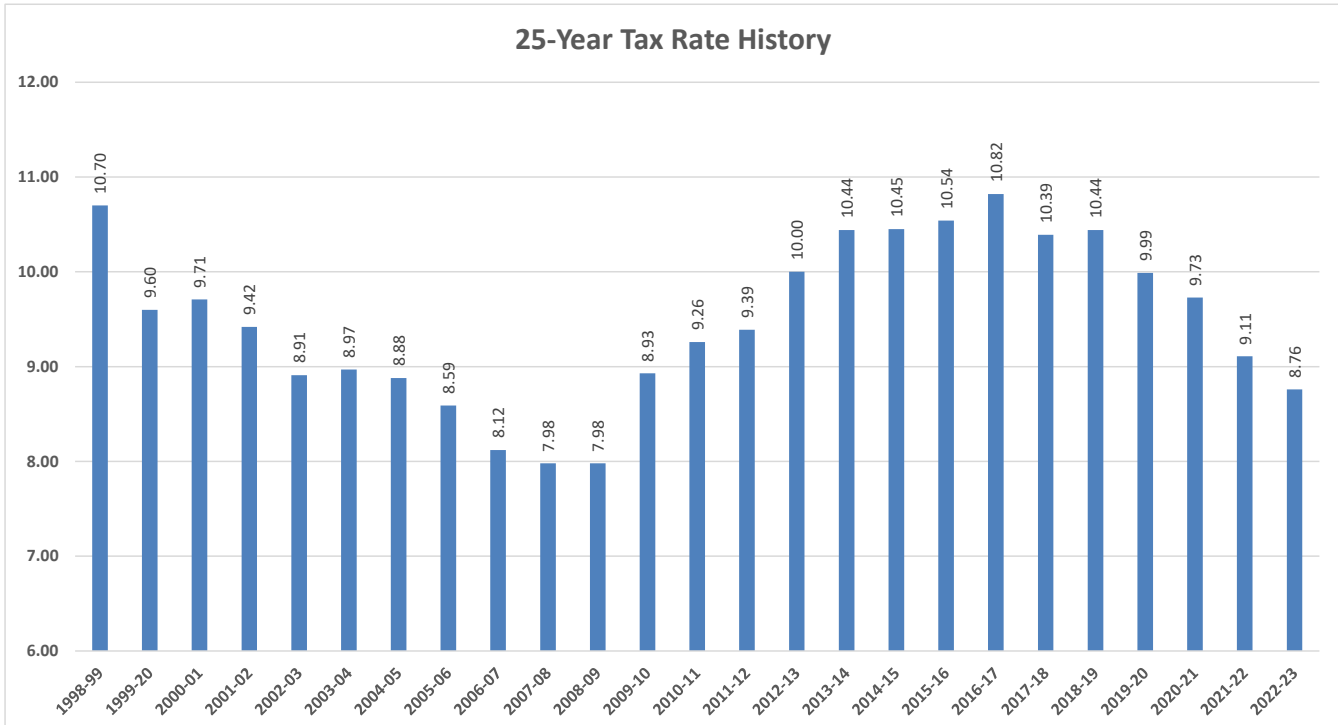

Taxes levied by the School District are distributed to individual municipalities having property within the boundaries of the School District based on the equalized value, otherwise known as estimated "fair market" value. The Wisconsin Department of Revenue (DOR) determines a value for each municipality using actual property sales in a municipality during the past twelve months. Following are historic and present year equalized values for the various cities, villages, and townships within the boundaries of the School District of Wisconsin Rapids.

Debt & Liabilities

WISCONSIN RAPIDS PUBLIC SCHOOLS

Debt Limit

The School District has the power to incur debt for purposes specified in statute so long as the principal amount does not exceed ten percent of the equalized value of taxable property within its attendance boundary. The table below is a comparison of the outstanding indebtedness of the School District as a percentage of the applicable debt limit.

The legal debt limit and margin of indebtedness, in accordance with § 67.03(1)(a) of the Wisconsin Statutes, applies last year's equalized valuation to the current indebtedness as follows:

The current equalized valuation as certified by the Wisconsin Dept. of Revenue	\$ 2,749,908,588
Debt limit (10% equalized valuation)	\$ 274,990,859

Postretirement Benefit Valuation Under GASB 45

Key Benefits Concepts, LLC completed an actuarial study of our postretirement benefits as required by the Statement of Governmental Accounting Standards No. 45 (SGAS 45). This includes District contributions toward the cost of health insurance premiums for a limited number of years for qualifying employees.

The results of their study show that as of June 30, 2021, the District's Other Postemployment Benefits (OPEB) total liability was \$19,606,013. The Actuarial Value of Assets was \$2,852,754 with a net OPEB liability of \$16,753,259. The funded ratio was 14.6%. In the 2021-22 school year, the District contributed \$1,772,736, the Implicit Rate Subsidy was \$289,978 and the annual net cost to the District was \$1,482,758.

The School District has established an Irrevocable Employee Benefit Deferral Trust in compliance with the requirements of the Governmental Accounting Standards Board (GASB). The purpose of this Trust is to process postretirement benefit payments, accrue interest and develop, if possible, a fund balance to help offset the impact of Actuarially Determined Contribution (ADC) payments on the operating budget.

Student Enrollment by School Budget Year 2021-22

STUDENT ENROLLMENT TRENDS

Previous Twenty-Five School Years

The School District of Wisconsin Rapids has seen a continuous decline in PreK-12 enrollment since 1998-99. The following graph depicts the count of students in seats Prekindergarten through the 12th grade level for the last twenty-five years. Enrollment includes all students attending Wisconsin Rapids School District regardless of their residence. In 2004-05 a District wide 4K program was added which is reflected by a two year increase in enrollment before enrollment continued to decline. Since 2016-17 the enrollment has shown a very slight increase, however for the past two school years a drop in enrollment took place.

The Wisconsin Department of Public Instruction uses the membership count to calculate the amount of revenue a School District can generate from the Local Tax levy and State Aid. Membership includes all resident students enrolled in any public school in the State. This includes more than just resident students enrolled in the Wisconsin Rapids School District. A graph reflecting the District's membership counts is below. The District's decline in membership resulted in continued erosion of the funding available from the two largest sources of revenue for the District: State Equalization Aid and the Local Property Tax Levy.

Glossary

Account - A descriptive heading which records financial transactions that are similar in terms of a given dimension, such as fund, function, object, or source.

Accounting Period - A period at the end of which financial statements are prepared (for example, July 1 through June 30).

Accounting System - The total process of recording, retrieving, and reporting information on the financial position and operations of an organization.

Accrual - Basis of accounting under which revenues are recognized when earned and expenditures are recognized when incurred, regardless of the timing of related cash flows.

Amortization of Debt - Gradual payment of an amount owed according to a specified schedule of times and amounts.

Appropriation - A legal authorization granted by a governing body to make expenditures and to incur obligations for specific purposes.

Assessed Tax Rate - Tax levy in dollars divided by assessed valuation.

Assessed Valuation - A valuation set upon real estate or other property by a municipality as a basis for levying taxes.

Assessment Ratio - Difference between assessed and equalized values expressed as a percent of assessed to equalized.

Assets - Items of value owned by the district.

Attendance Area - The geographic area wherein reside the pupils normally served by a particular school.

Audit - An examination of records and documents, and the securing of other evidence, for one or more of the following purposes: (a) to attest to the fairness of management's assertions in financial statements; (b) evaluate whether management has efficiently and effectively carried out its responsibilities; (c) determining the propriety of transactions; (d) ascertaining whether all transactions have been recorded; and (e) determining whether transactions are accurately recorded in the accounts and in the statements drawn from the accounts.

Balance Sheet - A summarized statement of assets, liabilities, reserves, and fund balance as of a given date, reflecting the per fund financial position of the district.

Allowable per Pupil Revenue Limit Increase - A dollar increase in the revenue limit per pupil amount as prescribed by the statutory formula as set by the legislature when they adopt the state's biennial budget.

Bond - A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically.

Budget - A plan of financial operation embodying an estimate of proposed revenues and expenditures for a given accounting period.

Budget Center - A budgetary location for which a manager is responsible for developing and administering the resources necessary for providing services; for example, Curriculum and Instruction.

Budgetary Control - The control or management of business affairs in accordance with an approved budget for the purpose of keeping expenditures within the authorized amounts.

Categorical Aid - State or federal aid which is intended to finance or reimburse some specific category of instructional or supporting program or to aid a particular target group of pupils. The district may use the aid only for the purpose for which it is paid. (Also see "General Aid.")

Computer Aid - State aid to offset business computers exempted from property tax levy.

Debt Limit - The maximum amount of long-term debt which is legally permitted. In Wisconsin, school districts may borrow up to 10% of its total equalized valuation.

Debt Service - Expenditures for the retirement of principal and payment of interest on debt.

Debt - An obligation resulting from the borrowing of money or from the purchase of goods and services. District debts include bonds and notes.

Deferred Revenue - Revenue received but not earned, or revenues which do not meet the measurable and available criteria for recognition in the reporting period.

Department of Public Instruction (DPI) - The state agency, headed by an elected state superintendent, charged with the supervision and guidance of elementary and secondary education in Wisconsin.

Enrollment - A count of all students on the third Friday in September.

Equalization - (1) The process by which the Wisconsin Department of Revenue converts all local assessor - determined property values, by municipality, to a uniform level. (Also see "Property Valuation.") (2) The process of ensuring a minimum tax base (the guaranteed valuation) for the support of education for each pupil in Wisconsin, so that school districts which spend at the same level will tax at the same rate.

Equalization Aid - State aid which is not limited to any specific program, purpose, or target population and is calculated based on membership (enrollment), shared costs, property values and state funding.

Equalized Tax Rate - Tax levy in dollars divided by equalized valuation.

Equalized Valuation - The market value of all real and personal property as established by the Wisconsin Department of Revenue.

Expenditures - Decreases in net financial resources, including current operating expenses which require the current or future use of net current assets, debt service and capital outlay.

Fiscal Year - A 12-month accounting period at the end of which a school district determines its financial condition and the results of its operations and closes its books. Wisconsin school districts have a July 1 through June 30 fiscal year.

Function - A WUFAR account designation that categorizes a reason or purpose served by a particular expenditure or made possible by a particular receipt.

Fund Balance - The difference between the fund's assets and liabilities equals the "fund balance." A positive fund balance represents a financial resource available to finance expenditures of a following fiscal period. A deficit fund balance can only be recovered by having revenues exceed expenditures in a following fiscal period.

Fund - A sum of money or other resources set aside for specific activities of a school district. The fund accounts constitute a complete entity and all of the financial transactions for the particular fund are recorded in them.

General Aid - State aid which is not limited to any specific program, purpose, or target population but which may be used in financing the general educational program as seen fit by the recipient district. (Also see "Categorical Aid.")

Levy - (*verb*) To impose taxes or special assessments. (*noun*) The total of taxes or special assessments imposed by a governmental unit.

Levy Rate - In property taxation, the amount of tax to be raised divided by the value of property to be taxed; often expressed in mills of the tax per dollar of property value, hence the term "mill rate." (Also see "Property Valuation.")

Liabilities - Obligations owed by the district which are either current (payable within a year) or long-term.

Long-term Debt - Debt with a maturity of more than one year after the date of issuance.

Municipality - A town, village, or city. For some specially identified purposes in Wisconsin Statutes, the term also includes counties, school districts, etc.

Note - A written promise to pay a specified sum of money (principal) on a specified date or dates in the future called the maturity date(s), together with periodic interest at a specified rate for up to 10 years.

Object - A WUFAR account designation that categorizes an article or service obtained from a specific expenditure.

Operating Transfers In/Out - All inter-fund transfers in and out of a fund other than residual equity transfers.

Other Financing Sources/Uses - Non-recurring sources and uses of funds classified separately from revenues and expenditures.

Property Valuation - The dollar value placed on land and buildings for purposes of administering property taxes. There are two commonly used methods of describing property valuation: assessed and equalized.

Refinance - To pay off an old debt with newly borrowed money and thus incur a new debt.

Reserved Fund Balance - The portion of fund balance set aside for a specific purpose and unavailable for budgetary use. For example, reserve for encumbrances, inventories, and debt retirement.

Revenue Cap - Total equalization aid, property taxes and computer aid in lieu of taxes to finance general fund expenditures limited by enrollment.

Revenue - An increase of assets which does not represent recovery of an expenditure and which does not increase liabilities by an identical amount, or a decrease in liabilities which does not cause an increase in other liabilities or a decrease in assets.

Revenue Limit - A district's revenue limit is the maximum amount of revenue it may raise through state general aid and property tax for the General, Non-Referendum Debt (authorized after August 12, 1993), and Capital Expansion Funds, also referred to as Funds 10, 38, and 41 respectively.

School System - All the schools and supporting services controlled by a school board or by any other organization which operates one or more schools.

Source - Used to classify revenues and other sources of finances according to their origin.

Third Friday Count – Student count that takes place on the third Friday of September. This count is used by the state to record enrollment.

TID or TIF - Tax incremental financing district designated to allow for infrastructure and building improvement costs to be recovered through tax incremental levies. Value of TIF is not included in school district tax base for apportionment and tax rate calculation purposes.

Wisconsin Uniform Financial Accounting Requirements (WUFAR) - The Wisconsin Uniform Financial Accounting Requirements (WUFAR) manual presents a uniform financial and accounting structure for public elementary and secondary schools in the state of Wisconsin.

WRPS Pupil Nondiscrimination Statement

The School District of Wisconsin Rapids is committed to equal educational opportunity for all District students. The District will not deny any person admission to, participation in, or the benefits of any curricular, extra-curricular, pupil services, recreational or other program or activity because of a person's gender, race, national origin, ancestry, creed, religion, pregnancy, marital or parental status, sexual orientation, transgender status, gender identity, or physical, mental, emotional or learning disability, or any other characteristic protected under State or Federal civil rights laws. Please review [Board Policy 411](#) for additional information. Incidents of discrimination or harassment should be reported to a teacher, administrator, supervisor or other District employee to be addressed or forwarded on to District Compliance Officer Brian Oswald.

Special Statement Regarding Sex Discrimination Under Title IX

In compliance with the federal Title IX statutes and regulations set forth in Chapter 106 of Title 34 of the Code of Federal Regulations, the District does not unlawfully discriminate on the basis of sex in any education program or activity that the District operates. Title IX's requirement not to discriminate in any education program or activity extends to cover, but is not limited to, District students, certain admissions processes, and District employment. Inquiries regarding how Title IX and the federal Title IX regulations apply to the District may be referred to the District's Title IX Coordinator (as designated below), to the Assistant Secretary for Civil Rights at the U.S. Department of Education, or to both. Please refer to [Board Policy 411.11](#) for additional information.
