

333 PARENT RIGHTS IN THE CURRICULUM

The Board recognizes the right of parents to inspect instructional materials at the school site and to deny their child's participation in certain curricular activities in accordance with state and federal laws and regulations. The Board also recognizes that reasonable accommodations with regard to examinations and other academic requirements may have to be made from time to time because of a student's sincerely held religious beliefs.

Requests regarding the above may be made to the building administrator. All requests shall be judged individually, based upon state and federal guidelines. If a parent/ guardian is not satisfied with the building administrator's decision, he/she may appeal to the Superintendent.
