

443.4 STUDENT USE OF CONTROLLED SUBSTANCES

No student shall possess, use, be under the influence of, sell or distribute alcohol or controlled substances, or be involved in incidents involving drug paraphernalia (as defined by state law) in school, on school premises or during school-sponsored activities.

In response to violations of this policy, the school district shall take positive action through education, counseling, parental involvement, medical referral, disciplinary action up to and including suspension or expulsion, and police referral.

A student may be required to submit to a breath test to determine the presence of alcohol if a school official or law enforcement officer has reasonable suspicion that the student has alcohol in his/her system in violation of this policy. Such test shall be administered by a law enforcement officer and shall meet state law requirements. A student may be disciplined for refusing to submit to such test.
