

455.1 SUPERVISION OF STUDENTS

Principals, teachers or bus drivers to whom they may delegate their authority are responsible for the safety of students enrolled in their schools during the time students are enroute to or returning from school, and while they are in school or participating in school-sponsored activities.

It is the responsibility of the principal and teachers to arrange for adequate supervision of playgrounds during school sponsored activities. Special attention should be given to the prevention of accidents and to the development of habits of good citizenship.

Teachers shall not send students from the school premises on errands during school hours, except in cases of emergency with the entire willingness of the students, and with the authority of the principal.
