

821.2 SCHOOL DISTRICT PUBLICATIONS AND BROADCASTS

Publications issued by and in the name of district schools shall reflect the high regard and aspirations of district citizens for their schools. There must be no compromise with high quality of editorial content and effective format. The exercise of appropriate economy in materials and production is expected so long as the main purpose is not jeopardized.

Each school may, with the principal's approval, establish a school newsletter for the students of the school and their parents. Such publications should be carefully prepared. The principal is responsible for supervising such publications to conform with the intent of this policy.

Regular and special radio and television programs shall be consistent with the goals of the schools and the instructional guides approved by the Board. It is important that such programs also reflect the high regard and aspirations of district citizens for their schools.
